500 ADJUSTABLE AND DISPOSABLE PAPER EYE PATCHES

MASK-it™
The convenient eye patch

Fast & effective occlusion

MASK-it™ eye patches are simple to use. Just pull one from the dispenser, fold it and place it onto a patient's eye. This is **convenient** and **eliminates** time-consuming **cleaning**.

Disposable & hygienic

Developed for single use, MASK-it™ eye patches reliably **eliminate** the risk of **cross infection**.

Natural vision during perimetric testing

The translucent eye patches allow the patient to keep both eyes open **during testing.** They are so light, the patient does not even **notice them** and enjoys a completely **normal vision**.
